## ADD. H. SANDERS, EDITOR. CITY OF EVANSVILLE.

terday, which may account for, though not will be sent home on the Ohio. excuse omissions in to-day's paper. As he and his companion have entered into a solemn engagement to thrash the first individual who

#### The State Election.

We have not taken the trouble to publish the election returns from many counties in this State, for the simple reason that but few State preaching organization in every county and adoration, could not be excelled. -while the county and township little big men responded, at once pronounced the country in great danger, grew crazy on the subject of Know Nothingism, and went hard to work -getting more offices. The opposition remained almost perfectly quiet, holding back their energies for the great fight of 1856, and seeing nothing in these county elections upon which to draw farmers and mechanics and working men of all kinds from their labor, to throw them into a whirl of politics. They saw and felt there were no great principles involved in this election, so the great mass of

a majority of 15,000 to call out whenever the cade city and the Dalles. occasion might demand. Next year will offer that occasion, and we promise this foul and corrupt Old Line Democracy, that in a battle of principles, they will be made to feel the people's condemnation just as strongly as theydid last year. Probably not much more than one-half the votes in the State were polled at the election last week. The farmers, principally remained in their fields and the mechan-

impudent and brazen faced in politics, than the efforts being made in different sections on the part of Old Line Democrats or anti-Americans to obtain the sympathy and votes of those who agogues to make such an appeal to men whom they have been abusing and villifying the last half a century, and whose principles they have been seeking to trample under foot. But they will find themselves mistaken in their idea of the stuff of which these old Whigs are made. They may here and there pick up have heretofore been identified with the Whig party, to join those who never could find language base enough to heap upon their heads, and the very men who followed the mighty graves with vituperation and slander-is ridiculously absurd, and will be found most absurdly idle.

Do these precious Democrats want the Whigs to help them place another Pierce Adto place another weak and oscillating man in the Presidential chair, to farm out fifty or seventy-five millions of the public pap-and do nothing else? Let them still rely upon that young "codfish" now regret their liberality. foreign vote which they always regarded as henest and decent and virtuous by the side of the Whig. These old Whigs remember the past, and the honest portion of them will never so far forget the past, as to act with those who are now as much their enemies at heart, as they once were in their language.

make you "acknowledge the corn" there too, if we had any plan for measuring and weighing that kind of produce. We never thought Potter would look at an Ohio girl again after, sulted in an award to the plaintiff of \$6,000. traveling over Indiana last summer. ()() \$

(C) About three weeks ago a man, named Edmonds, was drowned from the steamer Gipsy, in the Ohio river, and the body was afterwards recovered, and buried near Wheeling, Va. Last Saturday a brother-in-law of the deceased and another man exhumed the body, and found \$163 in a pocket of the ing up at once from the river—the undulating drawers which the deceased was buried in.

The length of this railroad is 221 000 quarters from the United States and Canhis instance until the August term, when the ada-a quantity which is more than sufficient pally remained in their fields and the mechanics in their shops, excepting where ranting Old Line demagogues dragged them to the polls to help save the country.

Appealing to the Whigs.

This estimated that in France, before the bread reaches the consumer, the grain and flour of which it is compounded passes through the hands of twenty speculators. The condition of things in this country is, perhaps, a trifle the Atlantic for the French market.

This estimated that in France, before to cover twice the alleged deficiency in France. Of this quantity it is stated that about half will be shipped for Europe between the 1st of September and 1st of May; and we have reason to believe that very large orders have already been transmitted to the other side of the Atlantic for the French market. to cover twice the alleged deficiency in France.

This intelligence is of far greater importance to the farmers than the news of the fall of Se-

FAIR.—Fourteen ladies entered the ring.— Corrigan was frequently observed to be stirring made the first trial, and started like ladies, but good a quality to be consumed without some came out like jockeys. The reporter of the object. Some of the neighbors passing his N. Y. Times says:

Before they had completed their first round, the ladies plying their whips as energetically none of business, and ordered them off his as regular jockeys. They passed the entrance to the Judges' stand neck and neck, both They left. On Thursday morning a neighbor turned upon the home stretch. Mr. Childs jaw and teeth. He took the skull to a neighlay back, and gained the inside, when urging her horse to greater speed, she crept slowly ap to Mrs. Conover, and they passed the en-T. T. Barnum delivered the address at trance the second time nose and nose. The and on further examination a great many human bones, considerably charred, were found in the fire. The accused was then arrested. The order was that they should ride twice stand as they passed the entrance; but their blood was up, and away they dashed for an-Mrs. Childs, with some takers; but before they reached their first turn, her horse broke, and Mrs. Conover again took the lead and kept it home. As they entered the stand the spectators took off their hats and gave them three cheers.

At Bell Air, a little village in one of the rural counties of Ohio, there was, until lately, published a paper called the Times, con-ducted by a genius named Bob Duncan, It was devoted to "Americanism," and pitched into the Catholics with such reckless ardor that its constitution, naturally frail, soon gave they once were in their language.

(The Evansville Journal of the 10th inst., calls on us to "come down" about that corn. The Journal man will see that we "acknowledged the corn" on the 12th inst. Ohio is fairly beat by Hoosierdom in large corn—but we have the greatest number of handsome women.—[Cin. Com.]

So you said about the corn—but we could the Crimea.

ANOTHER CONFLAGRATION.

Propery Destroyed to Amount of \$150,000. At half past five o'clock yesterday mor given, and the Fire Department arrived on the ground with their usual promptness, but the building being filled from cellar to roof with inflamatory material it was impossible to save anything. Messrs, Hinkle & Guild had on hand an immense amount of work, a great among them was an order for Dr. E. L. Lobdell, of Louisiana, for flooring and other building material, to the amount of one thousand dollars. The building was five stories high, and was by far the largest of the kind in the city. It contained a great quantity of valuable nery, which together with the building and stock, is entirely destroyed. Mr. Guild informs our reporter that the loss will not fall

is the second time within two years that Mr. John has suffered largely from fire. Adjoining Messrs. H. & G.'s Mills, were the Blacksmithing and Pattern Making shop of Bird, Holibird & Co., and a frame dwelling owned by Mr. J. Smith, which were also destroyed Messrs. B. H. & Co.'s loss is about \$300, and Mr. Smith's about \$300. No insurance on

Various speculations exist in regard to the origin of the fire. Some think that it was occasioned from the "journals" having become heated, and others that it is the work of an incendiary. The engines, at noon yesterday, were still at work, and the firemen were engaged in The Monitour, the official paper of France pulling down that portion of the walls which announces that there is a partial failure of crops remained standing. The watchman in the 67 Six years ago not a steamer plied on the in that country, and that it will be necessary employ of the firm, had left the Mills but a [ Cin. Com. 15th.
